**When Drugs Won't Cure You Tiquozone WILL.**

This great antiseptic germicide has been well named the drugless destroyer of disease. Its chief characteristic is its ability to convey oxygen in generous quantities to every part of the body. It is a well-known fact that oxygen is certain death to every form of disease germ—hence Tiquozone cures disease by natural process and rational method. Diphtheria, consumption, affections of the air passages, rheumatism, eczema and all disorders of the stomach, liver and kidneys are promptly and effectually cured with Tiquozone. Unlike other germicides it is a tissue-builder and not a tissue-destroyer. Tiquozone may be given with perfect safety to the most delicate child; it never produces any constitutional disturbance and children like it. Physicians prescribe it and it is extensively used in hospital practice.

**YESTERDAY A RED-LETTER DAY FOR NATIONAL GAME**

NEW LEAGUE FORMED AND PEACE EFFECTED.

**BRUSH ENGINEERS BIG DEAL**

Has National League Appointment Committee to Confer with American League on Peace Terms.

Yesterday was a great day in baseball and future events may have been the greatest day in the game ever known. The threatened baseball war in the South was amicably settled, steps were taken that may end the conflict between the National and American leagues, and the first formal steps were taken in the organization of a strong minor league. The first step was taken in Memphis, the second in New York, and the third in this city. It is any wonder that the day should be called a red letter day for the game?

The baseball surprise sprung in New York was the announcement of the move to take on an epochal character. For months the American League has been charging the National League with being the cause of the disastrous war and of being a hindrance to the game. The move will take on an epochal character.

With a view to correcting this impression the National League adopted a resolution to the effect that a committee of three be appointed to confer with representatives of the American League to ascertain on what basis peace may be restored. In the resolution the National League named the following committee: August Hermann, chairman; De Witt Robinson and James A. Hart. As usual John T. Brush took the initiative in this peace move.

American's Action Awaited. The resolutions were taken to the Criterion Hotel in New York, where Ban Johnson and other American League men are stopping. No answer has yet been returned. In view of the fact that the American League has been suing for peace for a long time, it is thought that it will be only too glad to appoint a committee to confer with the National League committee.

In the Southern League squabble it is understood the hatchet has been buried deep but it can not possibly be dug up soon. There will be but one league in the South, and that the old Southern Association and not the proposed Southern League. Representatives of the two organizations met in Memphis, and Thompson, president of the American Association, was present. He, in fact, engineered the deal, and all praise is due him for his peace-making. The deal was signed by President Kavanaugh, of the Southern Association, and attorney Ewing, of the new league.

The league's circuit next season will probably be made up of the following: New Orleans, Abner Powell; Memphis, Chas. Frank; Nashville, Newt Fisher; Atlanta, E. T. Porter; Savannah, Bobby Cliter; Birmingham, Tom O'Brien; Little Rock, M. F. Fann; Montgomery, Frank R. Jones.

The adoption of this circuit means the abandonment of Shreveport, Chattanooga and Mobile and the dissolution of the abandonment of Charleston in the new league. The reinstatement of Charlie Frank, who stirred up all the trouble and who was recently blacklisted by the National Association, was practically provided for by the Southern Association, provided Frank pays his fine of \$100.

**POLO CURTAIN-RAISER.**

Kahns and a High School Team Will Play To-Morrow Night.

As a curtain-raiser to the big game at Tomlinson Hall to-morrow night between the Indianapolis and Richmond polo teams, there will be a game of two periods between a team from the Kahn Tailoring Company and a high school team. These two teams are candidates for the city polo league, which it is proposed to organize.

The Richmond team, which went ahead of Indianapolis again last night by defeating Elwood by a score of 4 to 5, has not been seen in Indianapolis this season. It is one of the strongest teams in the league. In its game with Elwood last night an extra period had to be played. Houghton scored three of Richmond's goals.

**ANACONDA SELLS FOR \$8,000.**

"Snake Horse" Mixed Up in Suspicious Race with Searchlight.

J. Bronson Harmon, of New Haven, former owner of Searchlight, has bought Anaconda, 2301, off E. E. Rice, the Boston horseman, for \$8,000. Anaconda's winnings last season amounted to more than \$15,000. His victory over Prince Alert at Brighton Beach was one of the high points of the season. Anaconda is a nine-year-old bay gelding. He was the first of the season to win the Searchlight race for a \$2,500 purse. Searchlight won the first two heats and the race, though the driving of Anaconda was so suspicious that the Pair Association refused to pay the loser's part of the purse until the matter was adjudicated by the American Trotting Association. A compromise was finally agreed on.

**Sports in General.**

Jim Corbett, who is now in Detroit, said that he has posted \$2,000 with Sam Tamm to defend him against Jim Jeffries. The Kenton (O.) basketball team, one of the strongest in the country, is after more honors. It started out last night by defeating the City team by a score of 47 to 19.

Clem Crevelling, who was starter at the running races of the Fair grounds last summer, will be in the judges' stand at the Newport meeting. Col. Jack Chinn will be the starter.

"Denver" Ed Martin and Bob Armstrong, colored heavies, fought six hard rounds to a draw in Philadelphia, last night. The men were scrappy at the close. Armstrong was in a bad way in the third and fifth rounds and Martin spent most of the time in the fourth round on the floor.

Matty Matthews, former welterweight champion, got the best of Owen Ziegler last night in the sixth round of what was known as a twenty-round bout in Savannah, Ga. A right to the point of Ziegler's eye put him out of the fight, and he tried to continue the fight in a dazed, infuriated condition.

He is spending thousands of dollars in the new venture.

The leaders of the Independent Bowling League, the Ramblers, bumped into a stumbling block in the shape of the Royal club last night. The Ramblers have been in the habit of winning six games every night for so long that nothing else satirized them, but last night they met their match. The Royals won three games, one of them coming in the roll-off of a tie.

The Tish-Mingos and Columbia also had a tie score to settle in an extra frame, the Tishies taking it by a score of 51 to 53. Holtman, of the Columbia, rolled 232 in one of his games. Congratulations are in order to the Standards. For the first time in many weeks a full team was on the alleys. The first division was won by the Prospect, and as only three men bowled for the Prospect's second division, the Standards' total winnings were increased to five.

The games between the second division of the Alcazar and Stone Palaces were farcical affairs by reason of the fact that there were only four men in the Alcazar's line-up and two in the Stone Palace. The Deweys and Centrals split even, and as a result the Tishies rolled a record in last place, Jackson, of the Deweys, rolled the high score of the night—239. Scores:

More People Die of Kidney Disease than are Killed in Battle!

Indigestion is often caused by overeating, and is a very common cause of the harm done thus exceeds that of the excessive use of alcohol. Eat all the good food you want but don't overload the stomach. A weak stomach may refuse to digest what you eat. Then you need good digestant like Kodol, which digests your food without the stomach's aid. This rest and the wholesome tonics Kodol contains soon restore health. Dieting unnecessary. Kodol quickly relieves the feeling of fullness and bloating from which some people suffer after meals. Absolutely cures indigestion.

**Kodol Nature's Tonic.**

Prepared only by E. C. DeWitt & Co., Chicago. It is the best medicine for indigestion, flatulence, biliousness, etc. For sale by Frank H. Carter, 15 West Washington St., and 778 Mass. Ave.

**Drunkennes**

THE CURSE OF MANY HOMES. The man who has allowed the demon of intemperance to control his life is in a firmly bound by the chains of habit, tears and arguments are of little avail. It is useless to attempt to reform a drunkard by appeals to his conscience or his morality. The pet is the source of his trouble and should be the point of attack.

**THE MAN WHO DRINKS**

It is not a criminal nor a brute, but a sick man. He is just as sick as any man could be. He has that disease called alcoholism. His system craves alcohol and he can not resist its craving. Now, the only way for him to stop is with the help of judicious medication—to take treatment that will drive out of the system the desire for drink.

It is because of the recognition of this principle that the Keeley Institute, located at Plainfield, Ind., has had such great success in the cure of chronic alcoholism. The treatment cures the craving by reconstructing the specially depraved nerve-cells until the one time slave is emancipated from unnatural desires and appetites. Without alcohol or artificial aid, he is restored to what he was before he took to drinking and poisoned and damaged his nervous system with alcoholism.

The Keeley Cure as administered by this Institute effectually restores to soundness and freedom from all abnormal cravings, and the habitual user of opium or any of its derivatives, as morphine, laudanum, etc.; chloral, cocaine, and other drugs that enslave, are cured as safely and surely as are alcoholic habits.

We want to talk or correspond with every drug addict or habit slave in Indiana; we want to show how and why they can be satisfactorily cured and forever freed from bondage that humiliates, ruins, eats up their money and works mental, moral and physical harm. Humiliating talk or correspondence is confidential, free and invited. We will not discuss your future, your body, your your immortal soul. Communicate with us at your earliest opportunity. Do not let any of the such vital importance till some more convenient time.

"Be wise to day; 'tis madness to defer." Next day the fatal poison will plant its attitude at Plainfield, Ind. In 1881, thousands of men "gone to the dogs" have been rescued, cured and, as it were, made over into men with only natural and healthy appetites and desires.

O'Neal Watson, of Crawfordsville, Ind., writes: "I have studied the percentage of cures in my own country, and I defy any treatment for chronic disease to make one-half as good a showing. The unfair and uncharitable are ever ready to refer to the unfortunate one who may have relapsed, while perhaps within sound of his voice there are many who have been cured and are now in the public."

Frederic Bogie, of Brazil, Ind., writes: "Nearly six years ago I left your institute a sound man, better than any other years of my life and have made more money than in any ten previous years. I am now a successful business man in the West. Its accommodations and staff of physicians are unsurpassed. I have been cured of my chronic disease and am now a healthy man. Apply for information, personally or by letter, to Plainfield, Ind., or 105 Commercial Club Building, Indianapolis, Ind."

**HEALTH FOR YOU** DR. McLAUGHLIN'S Kidney and Bladder Cure. It is the one Guaranteed Remedy, that not only cures Sick Kidneys and regulates the workings of the Bladder, but it keeps you well after it has cured you, if you continue to use it.

Chas. Binger, 928 S. Meridian St., Indianapolis, Ind. says: I have used Dr. Gossom's Kidney and Bladder Cure, and have received permanent relief from my Kidney trouble, which had been of many years standing, and I have no hesitancy in pronouncing it the best medicine I have ever taken.
